

SUBSCRIPTION ORDER

This Order, once acknowledged and accepted by the University, creates a binding legal contract between You and Regents of the University of Minnesota (the "University") and is subject to the terms of a License Agreement governing Your rights and obligations in using the materials ordered. You should have read and understood the provisions of the License Agreement before submitting this Order. As to any terms or conditions in any Purchase Order, Order Form or handwritten changes from You which impose greater obligations or liability on the University or which provide You with greater rights than are contained in this Order and the License Agreement, these terms and conditions are specifically objected to by the University and shall not govern. By submitting this Order, You agree to be bound by the terms of the License Agreement if the University accepts this Order, and in that event the terms of the License Agreement are incorporated into this Order.

The site license fee is based on a five-year commitment and a license fee will be billed annually to Your school as described below. The site license includes (with all three units) an instructor's copy of the CD-ROM and copies of the CD-ROM for each student enrolled in Your anatomy course. Each year we request that You send us an official class list so we may ship the correct number of CD-ROMS for Your students. An annual reminder that the site licenses fee is due will be sent to you. Your current class list should be included with this Order. However, if You are ordering for a new incoming fall class, You may send us the list when finalized.
