

Create a Map That Works for You!

Follow the instructions below to customize a campus map that fits your personal needs.

The Interactive Map will open in your browser window in Adobe Acrobat.

Use the “Hand Tool” (located in Acrobat’s main tool bar) to perform most functions within the map:

- ➔ Click on one or more check boxes in the legend to view desired information.
- ➔ Click on “More Info” in the legend to receive detailed information about each option.
- ➔ Click on any parking location to view information on the facility (rates, hours, etc.)
- ➔ Click on a name in the *Building List* to the right of the map to highlight the building on the map.
- ➔ Click and drag on the map to move within the map (or use the arrows in your scroll bar).

Sample

<input checked="" type="checkbox"/>	East Bank Circulator		More Info
<input type="checkbox"/>	Disability Parking		More Info
<input type="checkbox"/>	Hourly Parking		More Info

1. Click here . . .

. . . to view modes of transportation or parking options on the map.

2. Click here to receive more detailed information about each option.

3. Click on any parking location to view information on the facility (rates, hours, etc.)

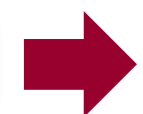

Use the “Zoom Function” (located in Acrobat’s main tool bar) to zoom in and out of the map.

Print your customized campus map.
