Grant and scholarship assistance

In 2008–09, grant and scholarship assistance for undergraduates will exceed \$140 million, with more than \$70 million of that from University resources. Fifteen thousand Minnesota undergraduates will receive at least \$1,000. The president's Promise of Tomorrow initiative has raised over \$200 million in private support for endowed scholarships. Nearly all of the U's increased grant and scholarship assistance is aimed at Minnesota residents. The Founders Free Tuition Program alone covers tuition and fees for 4,700 Pell-eligible resident students—about 12 percent of the U's 2008–09 undergraduate enrollment.
